Assignment 5

Please hand in your homework by email to `pgiarrusso@informatik`. The deadline for this assignment is Dec 12.

If at all possible, please bring your laptop to the following exercises.

G5.1   No group exercises this week

H5.1   Library Collection Merging

Write programs that merge two programming library collections (use the version including IDs) such that neither duplicate developers nor duplicate libraries are included. Developers are equal if they are equally named, libraries are equal if all their information are equivalent.

Solve this exercise once using JDOM and once using JAXB.

H5.2   XSLT vs. JDOM vs. JAXB

Compare XSLT, JDOM and JAXB by using appropriate criteria (think about the criteria first).
